Crypto-native founders can't compete with Stripe or Coinbase regarding distribution and regulatory terms. The big guys can acquire licenses overnight and onboard millions of merchants with an API call.

"When corporations gain too much legibility and influence over open source projects, priorities start to drift away from the community's long-term vision and toward corporate incentives. That's how misalignment begins."

How to read: A rising wedge in an uptrend often signals a potential reversal as momentum weakens, while a falling wedge in a downtrend points to a possible

bullish reversal. These patterns can also act as continuation signals when aligned with the prevailing trend. Measure the wedge's height and project it from the breakout point to estimate the target move.

Net Asset Values (NAVs) in digital asset treasuries (DATs) have collapsed, but this is not as bad as it sounds and can be viewed as an opportunity for savvy investors, according to 10x Research.
