The turning point: Regulatory and market shifts

This put the memecoin sector back to levels seen in July, erasing gains it recorded in the last three months.

Stadelmann dismissed the idea that open banking offers genuine openness, calling it “a facade all along,” and argued that it’s “clever marketing,” with open banks “no different from big banks at the end of the day” and just as likely to weaponize their systems as seen during Operation Choke Point.

It added that there was a “meaningful divergence” of opinion regarding where we are in the market cycle, with 45% of institutions believing markets are in the late stages of the bull run, compared to just 27% of non-institutions.

AT&T; lets you settle phone bills with ETH or BTC, dodging those pesky late fees. Many online and some physical retailers accept XRP via gateways like CoinGate.

A former engineer at e-commerce company Digital River was sentenced Tuesday to three years of probation for illegally mining crypto using his former employer’s cloud servers.
