"We have been reviewing the entire portfolio from first principals to evaluate AI suitability and have identified Georgia as a strategic region for both potential conversion as well as expansion," wrote Scott Garrison, chief development officer and executive vice president at ClearSpark, adding:

In the film, this is an argument based on moral intuition alone, without a principled basis and defended only by tautology. None of the ideas' advocates make the normative case for why code should be law, but there must be an instrumental basis for this philosophy beyond moralism.

As the price of Bitcoin soared Friday during early afternoon trading hours in the U.S., the rally stalled as traders appeared content to take profits just below the previous all-time high mark of \$124,128.

Bitcoin was recently trading for \$111,985 per coin, according to CoinGecko data, unmoved over 24 hours. The coin has also barely budged over a seven-day period, but it hit a new high of \$124,128 in August.
