The crypto exchange sent a letter to the Treasury on Friday, responding to the agency's request for comment on innovative methods to detect illicit activity involving digital assets.

"SearchGPT is designed to help users connect with publishers by prominently citing and linking to them in searches," OpenAI said in its announcement.

"Responses have clear, in-line, named attribution and links so users know where information is coming from and can quickly engage with even more results in a sidebar with source links."

The difference between the crypto trading performance of the AI models likely stems from their training data, according to Nicolai Sondergaard, research analyst at crypto intelligence platform Nansen.
