The UK's Financial Conduct Authority (FCA) is ramping up its push to police the crypto industry, issuing warnings to unregistered exchanges and seeking legal action against companies serving UK residents or promoting digital assets in the country.

The film uses the human angle to frame a debate that was prevalent at the time. When an attacker takes money from a smart contract, relying on the contract's internal logic to obtain tokens outside of the creator's intention, is that wrong? Should the attacker be censured, legally or otherwise, or is this simply fair play?
