In a letter sent Tuesday to Acting CFPB Director Russ Vought, Senator Cynthia Lummis (R-WY) expressed "strong support" for the Consumer Financial Protection Bureau's open banking rule and urged it "finalize this rule as soon as possible."

Bitcoin was recently trading at \$111,285, according to cryptocurrency markets data provider CoinGecko, after rising 2% over the past 24 hours. BTC is down more than 10% after reaching an all-time high of \$124,285 last month.

The emergence of smart contracts has brought revolutionary breakthroughs to blockchain technology. These self-executing computer programs can automatically

trigger corresponding operations when preset conditions are met, without manual intervention. Smart contracts not only improve transaction efficiency but also greatly reduce trust costs. Currently, smart contracts have been widely applied in decentralized finance (DeFi), digital identity authentication, the Internet of Things, and other fields. With the continuous development of technology, the functions of smart contracts will become more powerful, and application scenarios will become more abundant.

Strategy said earlier this year that it was adjusting its policy on common share issuance to convey discipline. The policy was modified to give the company greater flexibility, but onlookers suggested that it could make Strategy's move less predictable moving forward.

One such campaign is Algotand, a 13-week onchain questing campaign launched by the layer-1 blockchain Algorand to showcase its ecosystem and technical capabilities. The campaign, which began on Sept. 22, has concluded its third week, and the onchain data from its initial phase is now available.

The recent bond sell-off, however, has widened the gap between short- and long-term yields, steepening the yield curve. In other words, investors are demanding higher returns to lend money for longer periods.
