Three whales returned to decentralized exchange Hyperliquid on Wednesday, depositing tens of millions of dollars to initiate leveraged long positions, which use “borrowed” funds to increase the size of the investment.

Should the plan be implemented, it could remake the banking landscape in America. Even if crypto banks were restricted from certain privileges, the ability for them to function as federal banks could have significant implications for every corner of the industry, from crypto exchanges to stablecoin issuers.

Bitcoin hints at “generational bottom” as gold dips

“I don’t expect a broad altcoin rally like in previous cycles,” he said. “This time, growth will be likely driven by select, high-quality projects rather than the entire market moving at once.”

Lubin's comments come shortly after the departure of two key Ethereum researchers, which caused renewed concerns over the potential influence of centralized funds over Ethereum’s development.
