Hackers will take control of a legitimate website address through a Loader Script and embed JavaScript code into the website, triggering a separate malicious code package in a smart contract designed to steal funds and data once the user interacts with the compromised site.

The first week of October delivered a strong performance for the crypto market, with Bitcoin setting record highs and the layer-1 sector leading the charge among altcoins.

The US government has been shut down since Oct. 1, marking the third-longest closure in US history. It is unlikely there will be a vote on the digital assets market

structure bill until it reopens.
