Companies in the cutthroat Bitcoin mining space are increasingly branching out to the world of AI and high-performance computing. Bitcoin mining is the industry that mints new coins for the crypto network and requires huge amounts of electricity to do so.

“Not every project in Crypto needs to have blockchain, now everyone wants to build something around creating a blockchain,” they said.

“Such a system would maintain or strengthen law enforcement capabilities while obviating the existing broad and costly financial surveillance regime,” he said.
