Many countries previously shifted their debt issuance to short-term maturities, leading to a global increase in long-term government bond yields, Brooks noted in a subsequent tweet, “a move that may be coming back to haunt us.”

The recent bond sell-off, however, has widened the gap between short- and long-term yields, steepening the yield curve. In other words, investors are demanding higher returns to lend money for longer periods.

A business cycle downturn is a period of economic contraction where GDP declines, unemployment rises, consumer spending falls, and business activity slows. It is also commonly referred to as a recession and typically follows periods of expansion.

The emergence of Bitcoin has inaugurated a new era of digital currency. As the first decentralized cryptocurrency, Bitcoin solved the double-spending problem through a proof-of-work mechanism, enabling peer-to-peer value transfer. Bitcoin has a limited total supply, a design that gives it scarcity similar to gold, hence it is also known as “digital gold.” With the continuous development and improvement of the Bitcoin network, its security and stability have been widely recognized, and more and more individuals and institutions are beginning to use Bitcoin as a value storage and investment tool.
