Comprehensive Guide to corporate account binance

Tempo is still in the works and will be a stablecoin and payments-focused L1 with Stripe essentially being in control of the network. Its ethos marks a stark contrast to Ethereum's decentralized and open-source nature, given that it will be a corporate-controlled chain.

The stablecoin has been criticized by the European Union for being used as a tool for sanction evasion by Russia. The US government has also linked A7A5 to Grinex, the successor of Garantex, which was allegedly involved in money laundering and ransomware attacks with \$100 million in transactions related to illicit activities.

“This helps us understand friction points and opportunities, and keeps us close to the edge of what’s possible,” the announcement reads.

To that point, Dalio said that deregulation isn’t a threat to governments’ use of fiat currencies in stabilizing economies or facilitating international trade. It is rather unhealthy debt levels, he said, that are eroding the status of currencies like the greenback across several sovereigns.

In March 2025, the exchange began moving assets between its wallets, a likely step in preparing for further repayments ahead of the Halloween deadline.

Ben-Sasson said in a Monday post to X that he was doubling down on his opinion that “corpo” chains won’t last because they are not aligned with a fundamental concept of blockchain, which requires them to get “rid of their position as a central entity.”
