Paradigm has invested widely across the market, covering anything from DeFi and NFTs to blockchain security, infrastructure and startups.

While memecoins showed signs of recovery after the crash, another drop came on Friday, with memecoin assets declining from 9%–11% during the day.

The open banking framework, first proposed in 2022 under former U.S. President Joe Biden and finalized on October 22, 2024, allows consumers to securely share financial data with third-party apps through APIs (application programming interfaces).

Lastly, people forget how much cultural alignment matters. Ethereum has an identity, and Bitcoin has a mission. If you can articulate a vision that resonates with a specific user base, whether privacy maximalists, DeFi degens or regional adoption niches, you can outmaneuver corporate L1s in those segments.

Among the measures Grewal wants Treasury to consider is a regulatory exception under the Bank Secrecy Act for companies using AI and Application Programming Interfaces (API) driven monitoring tools.

Details about how the firm will fund the initiative were not revealed, but it expects to make the first strategic purchase “in the near future.”
