"The number of new packages that get published on a daily basis is posing a challenge for security organizations, and ML model-based detection is currently the best answer that the security industry can provide," ReversingLabs engineer Karlo Zanki said.

The stimulus measures include subsidies for electricity and gas charges, as well as regional grants to ease price pressure and encourage small to medium-sized businesses to raise wages.

He also thinks APIs face challenges such as a lack of standardization and regulatory fragmentation, which a guidance "outlining acceptable use cases" would solve by clearly showing "data privacy requirements and standards for interoperability — allowing firms to confidently adopt and integrate APIs into their programs."
