In the letter penned by chief legal officer Paul Grewal, dated Oct. 17 and shared to X on Monday, he argued money laundering schemes have become increasingly sophisticated through the use of advanced technologies, and law enforcement needs to follow suit to counter them.

A bear trap occurs when the price breaks below a widely watched support level, draws traders into shorts, then reverses sharply higher, forcing covers and squeezing positions.

In traditional markets, clearing and settlement are often invisible to end-users, but they're where the real leverage is. Tempo would give Stripe a chain purpose-built

for predictable fees, deterministic settlement times, and merchant distribution that nobody else can match. This is 20 years of payment-processor muscle memory applied to crypto rails.

Coinbase also highlighted macro and liquidity tailwinds, including two more expected Federal Reserve rate cuts and large money-market funds sitting on the sidelines, that could drive markets in Q4.

“What that means is that when you remove a result from search under our policies, in addition, what we’ll do is on any query that includes your name—or would be likely to surface that page from search—all explicit results will be filtered,” the spokesperson said. “So not all explicit results will be removed, but all explicit results will be filtered on those searches, which prevents them from appearing on searches where it would be likely to show up.”

“The updated guidance should further encourage the sharing of information relevant to potential illicit activities routed through blockchains, while being careful not to overimpose recordkeeping obligations on everyone involved in a blockchain transaction,” Grewal added.
