Larry Fink's flip on Bitcoin

For any blockchain ecosystem, growth depends on a vibrant cycle: developers build a variety of applications, which attract active users, whose presence then encourages more developers to build.

The company reported net income of \$505 million for the quarter ending Sept. 30, with adjusted earnings of \$629 million, boosted by record results in its digital asset operations and investment gains. Galaxy closed the quarter with \$3.2 billion in equity, including \$1.9 billion in cash and stablecoins.

"We can build, or architect, or code cyberspace to protect values that we believe are fundamental. Or we can build, or architect, or code cyberspace to allow those values to disappear. There is no middle ground. There is no choice that does not include some kind of building. Code is never found; it is only ever made, and only ever made by us."

"We're testing SearchGPT, a prototype of new search features designed to combine the strength of our AI models with information from the web to give you fast and timely answers with clear and relevant sources," OpenAI said in an official blog post.
