This cycle has also been complicated by the introduction of trade tariffs, which have already trimmed growth in the first half of 2025 and are expected to continue dragging on GDP growth through the first half of 2026.

The primary struggle for a crypto investor is not a lack of information but a relentless deluge of it. News websites, social media feeds and onchain data streams constantly churn with updates that can be overwhelming. XAI's Grok 4 aims to change that. It pulls live data straight from X, pairs it with real-time analysis and filters signals from noise. For a market that is heavily influenced by narrative momentum and community chatter, this is indeed a notable capability.
