Prediction markets are hotter than ever, with Polymarket and Kalshi already combining for over \$4.63 billion in trading volume across the first 23 days in October — smashing last month's previous record of \$4.17 billion, DefiLlama data shows.

In between are the hybrids, those L1s that want to be open enough to attract the crypto-native crowd but structured enough to keep institutions comfortable. This middle ground is where some of the most interesting battles will be fought — because it's the one place both sides might meet.

By using trusted custodians, a diversified network of validator partners and transparent reporting, Grayscale has established a secure and compliant way for investors to participate in staking. It has turned staking from a complex, retail-oriented process into a professional investment opportunity.

"This facilitated capital inflows to Bitcoin, pushing its dominance close to 60%," Gregory noted.

This will allow customizable lending markets while pooling liquidity through "hubs," improving efficiency and scalability.

"We recently contracted for additional power and real estate in College Park to deliver high-value compute to the greater Atlanta metro area and are evaluating giga-campus opportunities across the portfolio and pipeline that are well positioned to satisfy significant off-taker demand."
