Crypto trades 24/7, with sharp moves as likely on a Sunday night as on a Tuesday morning. In such a continuous market, trying to “pick your moment” is mostly guesswork, which is why many investors prefer a rule that removes the need for perfect timing.

Google's newly released AI-powered search results are garnering lots of attention—for the wrong reasons. After the tech behemoth announced a host of new AI-powered tools last week as part of a new “Gemini Era,” its trademark web search results changed significantly, with natural language answers to questions displayed above websites. “In the past year, we’ve answered billions of queries as
