View pages online or download a complete PDF service manual that you can easily save, print or view on any device. This complete PDF manual is an Instant download.Stihl 010 AV Workshop Service Manual ContentsContents, Introduction, Safety Regulations, Symbols, Technical data, Service tools, Service data, Safety equipment, Starter, Electrical system, Centrifugal clutch, Lubrication system, Carburetor, Tank unit, Anti-vibration system, Piston and cylinder, Crankcase and crankshaft, Troubleshooting, Repair Instructions.Carburetor General Chainsaw AdjustmentAdjusting the carburetor involves adjusting the engine to the local conditions e.g. climate, altitude, fuel and type of two-stroke oil. The carburettor is equipped with three adjustment options.L = Low speed jetH = High speed jetT = Idling adjustment screwThe L and H jets adjust the fuel flow to match the airflow that the throttle valve opening allows. Turning them clockwise makes the fuel/air mixture weaker (less fuel in relation to the amount of air) and turning them anti-clockwise makes the fuel/air mixture richer: A weak mixture increases the engine speed and a rich mixture decreases the engine speed. The T screw controls the throttle position when idling. Turning the T screw clockwise gives faster idling; turning it anti-clockwise lowers idling speed (see manual for complete guide).Carburetor Type: Zama C1S-S1C, Walbro WT-498-1 (see manual for specs)See the complete Stihl 010 AV service workshop manual, carburetor manual, parts list, operator manual and technical supplements PDF downloads, also the repair and service articles available on this website for more information on how to service, repair and find parts for the chainsaw.Stihl 010 AV Chainsaw SpecificationsFirst year of production: 1978Weight with standard bar: 9.9 lbs (4.5 kg)Displacement: 37 cc (2.26 cu. in.)Stated horsepower: 1 1/2Fuel mix: 40:1 with Stihl 2 cycle oilFuel tank size: 250 mlStandard Cylinder Diameter: 36 mm (1.42 in.)Piston stroke: 36 mm (1.42 in.)Cylinder construction: chrome-plated aluminumCrankcase construction: cast magnesiumStandard chain pitch: 3/8 Picco low profileStihl 010 AV Service Workshop Manual PDF* Online preview Pair text with an image to focus on your chosen product, collection, or blog post.
