Entering a birth time is optional, but including it will provide a more accurate synastry chart. When a time isn't provided, the time defaults to noon. Think of a map of the cosmos that is a snapshot of the exact planetary coordinates of when you were born. Now when we overlay another individual's map over your map, we can visually see where their planets were located in relations to yours - that is the basis of a synastry chart. Basically it's overlaying two individual's birth charts and examining the aspects between the two charts. Visually a synastry chart looks exactly like a birth chart - a 360 degree wheel divided into 12 sections. The only difference being that there are twice as many elements being charted. In a synastry chart, an aspect is the geometric relationship between the two sets of planets. An example of an aspect shape includes a square, trine, conjunction, and more. Each aspect shape produces a different meaning. Synastry charts and composite charts are similar in that they both explore relationships. Synastry charts are used to examine relationships between two people or, more specifically, how they may effect each other individually. From that an astrologer can use the chart to interpret the character and dynamic of the relationship. Astro-Charts was created to usher in fresh and fun energy to astrology on the internet. Our birth charts(natal charts) balance a modern look combined with up-to-date and accurate data from planetary databases created by NASA. We do all the calculations for your birth chart(natal chart) and handle daylight savings and other nuanced location situations. We give you the power to customize your birth chart(natal chart) to your liking within the settings area: custom orb limits, multiple house systems, sideral calculation, declinations, show/hide any planet, asteroids, or aspect. We also are open to suggestion for more features that you may find useful. Astro-Charts make it easy to discover the unique and interesting chart patterns in your birth chart(natal chart). There are over 17 different chart patterns we look for in your chart. Some common chart patterns include: Yod, I square, stellium, rectangle, grand-cross, grand trine, castle, Star of David, and many more. We wanted to give you quick bite-sized facts about your birth chart (natal chart). These are highlighted in our special features section of your chart. Some of these interesting facts include: the moon phase when you were born, the dominant element of your chart, the dominant planet of your chart, and much much more. About Terms of Use Contact Astro Charts © 2025 Unlock the celestial connections with our personalized synastry chart tool. Input your birth details and those of your partner to uncover the intricate dynamics of your relationship.Gain valuable insights into your compatibility, communication styles, and shared destiny. It illustrates how the planets align and interact between two people, offering a unique snapshot of the energy between them. This chart reveals the dynamics, strengths, and challenges in relationships by comparing the placements of the Sun, Moon, and planets at each person's birth. Why Do Synastry Charts Matter? Synastry charts provide valuable insights into relationship dynamics, helping you understand compatibility, communication styles, and areas of harmony or tension. By studying the intersections between planetary placements, astrologers can reveal how two individuals relate to each other, highlighting strengths and challenges in romantic, familial, or platonic connections. This tool helps you navigate relationships more consciously, giving you clarity on mutual growth and deeper understanding. How to Use a Synastry Chart?Reading a synastry chart involves examining the planetary placements in each person's chart and analyzing how these positions interact across both charts. Each planet represents a unique facet of personality—such as emotions, communication, or love. In synastry, aspects like conjunctions, trines, or oppositions show how these traits play out in the relationship, highlighting harmony or friction. The houses represent areas of life where one person's energies impact the other, like career, family, or romance. We provide resources to guide you in understanding these connections as you explore your chart.What Makes Our Synastry Charts Unique?Our synastry charts are designed to offer clear and personalized insights into your relationship. We combine modern astrological practices with accurate planetary data, making it easy to understand each interaction. Alongside detailed aspects and placements, our charts offer unique insights such as your dominant energies as a pair, compatibility indicators, and relational strengths. We aim to provide a holistic view, empowering you with the knowledge to build a fulfilling, harmonious relationship.What's the Next Step?Submit both birth details to access your custom synastry chart. Discover your relationship's potential and gain meaningful insights into your connection!Get StartedTo create your free synastry chart enter two names, places of birth (or nearest city), and dates of birth below. Entering a birth time is optional, but including it will provide a more accurate birth chart. When a time isn't provided, the time defaults to noon. Think of a map of the cosmos that is a snapshot of the exact planetary coordinates of when you were born. Now when we overlay another individual's map over your map, we can visually see where their planets were located in relations to yours - that is the basis of a synastry chart. Basically it's overlaying two individual's birth charts and examining the aspects between the two charts. Visually a synastry chart looks exactly like a birth chart - a 360 degree wheel divided into 12 sections. The only difference being that there are twice as many elements being charted. In a synastry chart, an aspect is the geometric relationship between the two sets of planets. An example of an aspect shape includes a square, trine, conjunction, and more. Each aspect shape produces a different meaning. Synastry charts and composite charts are similar in that they both explore relationships. Synastry charts are used to examine relationships between two people, more specifically, how they may effect one another individually. From that an astrologer can use the chart to interpret the character and dynamic of the relationship. Home / Free Reports / This is a basic relationship compatibility report based on the Sun and planets, but without Moon aspects or house overlays so as not to require a birth time.(Get in-depth report with birth times, instead!)Privacy is guaranteed. Your data is not stored. Every interaction within your synastry chart is a piece of the relational cosmic puzzle, uniquely defining your partnership. Let's explore these astral secrets together!Seeking insights into your relationship dynamics? Our AI chatbot, skilled in synastry astrology, offers personalized guidance. It analyzes the interplay of your and your partner's astrological charts, revealing how your planets' positions influence your relationship. Discover how to leverage your unique connection and overcome challenges, with our bot as your 24/7 advisor. Synastry charts illuminate the influence of each person's planets on their partner's chart. This section dives into how these planetary positions affect your interactions, highlighting areas of strength and potential friction. Understanding these planetary influences can reveal deep insights into how your personalities blend and challenge each other.The aspects in synastry reveal how two individuals' planets interact and influence each other. This section examines these aspects, illustrating the flow of energy in your relationship. Learn where you naturally sync and where you may face challenges, empowering you to foster a deeper and more harmonious bond.The patterns within synastry charts are more than just aesthetic shapes; they reveal the overarching themes of your relationship. These patterns offer valuable insights into how your energies merge and interact. Understanding these can help you navigate the ups and downs of your relationship, equipping you with knowledge to embrace your journey together. Synastry charts provide a detailed look at how two individuals interact and influence each other. By analyzing the chart's configuration, you can understand the nature of your interactions, whether they're dynamic, nurturing, or creatively stimulating. This knowledge allows you to approach your relationship with greater insight and intention. The energies of two individuals create something greater in a composite chart: a synthesized energy unique to the relationship. This can reveal the relationship's core essence, how it begins, evolves, and deals with external pressures. Understanding these energies allows both partners to move together in harmony, respecting their joint and individual paths. The astrological house system plays a crucial role in synastry chart interpretation, providing the structure through which the interplay of planetary influences between partners is analyzed. Various systems offer unique lenses for viewing these cosmic connections:Pfacidus: renowned for its time-based divisions, offering nuanced insights into the timing of relationship dynamics.Whole Sign: assigns equal houses to each zodiac sign, emphasizing the elemental and modal compatibility between partners.Koch: focuses on the importance of birth latitude, providing a personalized approach to understanding relational intersections.Equal House: aligns house cusps with the Ascendant, highlighting the fundamental areas of life where partners connect.Morinus: ideal for those seeking precision without geographic constraints, offering clarity on the subtleties of partner compatibility.Porphyrus: blends time and space in its calculations, shedding light on the foundational aspects of the relationship.Regiomontanus: preferred for its mathematical approach, illuminating the intellectual and communicative bond between partners.Campanus: uses prime vertical divisions, revealing the unique strengths and challenges in a partnership.Each system can illuminate different aspects of your relationship, offering a multitude of astrological insights. Selecting the appropriate house system enriches your synastry chart analysis, deepening your understanding of the relationship's dynamics and enhancing the accuracy of readings. It's a key step in navigating the cosmic influences on your partnership.
