birthday today, I need to let you off the hook for these terrible jokes; this is the only time I will tolerate it! Happy birthday to the woman who has the capacity to crack my ribs harder than anybody else, even if the situation deserves seriousness. That makes me either wiser or a year closer to not being able to see the writing on the bottom shelf without
my glasses. Happy birthday, dear crazy friend! It's not clear under which part I should admire: your youth and yet your cruel capacity to crack me up even when times are tough. Happy birthday, dear crazy friend! Do not worry; it is not that you have now become a model for vintage cars. Happy birthday, dear crazy friend! A
very happy birthday to my dear and secret gossiping friend (don't tell anyone)! Happy birthday, and I hope it is as filled with cake and laughter as it is with wine—or maybe even much more. Happy birthday to the woman who can find a reason to laugh in any event or situation. Even when you do not play the life host, you still incorporate life into it.
It's not that you are aging—you're just gaining new skills on how to be as cool as a cucumber. Happy birthday, dear crazy friend! It's nice we stay friend! It's nice we stay friends; you know there are actually a few people I can make cry from laughing and then make laugh again when I share with her tears. Happy birthday, dear crazy friend! woman who reminds me that I'm not as totally crazy as I used to believe I was. (I am only telling this to the guys, but I think we're both a little crazy.) You're like a fine wine: you indeed just get better with age. Happy birthday, dear crazy friend! I hope your birthday is as amazing as the person that you are to everyone lucky enough to know you. And
for perspective, don't have the gall to ask about your age. Your age is simply a fiction; it's not rising. Happy birthday, dear crazy friend! I wish to appreciate the woman who can make me look away from all troubles even for a while. Honestly, I still have some questions—whether it is even more striking that you are my age now, or whether you remain
as gorgeous as ever when wearing the dress from your college years. Happy birthday, dear crazy friend! Happy birthday with all that you like most—cake, wine, and your best friends (it goes without saying about me too)? Happy birthday
to the woman who insists on seeing the bright side of life even if I try my best to be grumpy. I am glad we are friends because you are the only person who appreciates my jokes—or rather, my weird jokes. Happy birthday, dear crazy friend! You are not getting old; they are turning you into a vintage piece, my dear. Happy birthday, dear crazy friend!
Happy birthday to the woman who can make me smile no matter the situation I am facing. You are what I am glad to have when the weather is bad. Happy birthday to the person who has made me look like the smart one all along! Thanks for being a total dumb friend. As I make another revolution around the sun, I'm approaching the stage of a fully
grown, grumpy old man. I'll definitely be with you. Happy birthday, dear crazy friend! I hope today comes along with cake and happiness and maybe a break,
whether it's quick or not. After a year of having to deal with me, you deserve it. Happy birthday, you old bag! I hope your day is as bright as the joy you bring to my life, even with that awful sense of humor you have. Another birthday is over and done with, and I am as baffled about life as ever. Well, that's why we are friends, isn't it? Happy birthday
dear crazy friend! Remember that time we... Oh, never mind, I simply forgot my thought: 'It's time to let go of my past and move on to the future.' But anyway, happy birthday! I want to wish the person who is always capable of making me grin, even though it is often to my disadvantage. Love you, you weirdo! You can toast to another year of your life
but at least you'll never get to the point where your jokes will be comprehensible. Happy birthday, dear crazy friend! I wish your birthday could be as great as you are! And by awesome, Which means it's just as peculiar and remarkable. Happy birthday, dear crazy friend! I hope that today gives you cake, gifts, and as small an
amount of work as possible. You deserve it. I'm so glad we're friends. We never really know what we are talking about, and that makes my life much more interesting, or at least that is meant to be a compliment. Happy birthday to my best and most loyal friend in this whole wide world! Never complain about age,
because all it indicates is that you are becoming vintage. They say you are now a year closer to saying, 'I'm too old for this.' But until then, let's party! Happy birthday, dear crazy friend! I want you to have a day that deserves it, as much as you deserve to have me bursting with laughter until I cry. Happy birthday! I'm so glad you were born. Another
thing, I believe that those scenes would look much less interesting if you didn't attend. Happy birthday, dear crazy friend! Happy birthday to you for being you! This is not to say that you are aging, but that you are gradually becoming
brilliant at being incredible. Happy birthday, dear crazy friend! Relative to your age, or the silly energy you have going, one of the two seems rather impressive. Happy birthday, dear crazy friend! Relative to your age, or the silly energy you have going, one of the best
