These are the advocates now of a code-is-law ethos, those who think freedom from restraint will advantage them precisely because it is asymmetric. They disproportionately wish to pursue activities that society censures, so a less powerful social conscience disproportionately benefits them.

But the second problem with the code-is-law idea is more damning. While the model of regulation suggested here so far has been of a reactive system that arises to fill the need for authority, some political scientists — realists — view it the other way.
