Meanwhile, OpenAI has also partnered with various publishers to enhance the content and accuracy of SearchGPT. These partnerships allow OpenAI to provide current information along with clear, in-line attribution and links to original sources. Notable partners include News Corp and The Associated Press.

Crypto sentiment drops to six-month lows

Derivatives backdrop: If funding is highly positive or negative and OI is climbing to a level, positioning is crowded. This creates prime fuel for a squeeze in the opposite direction.

Once a coin passes the quick screen, the next step is to dig into the data that tells you whether a project has staying power or is just another short-lived pump.

The sell-off stemmed from renewed trade tensions between the US and China, after reports of potential 100% tariffs on Chinese imports, which rattled risk sentiment. However, as markets stabilized early this week, US stocks began recovering, though Bitcoin's rebound has lagged.

SearchGPT is the latest development in what appears to be a new era in web search, which The Verge's Nilay Patel has termed "Google Zero." This approach prioritizes practicality over variety: instead of presenting a list with different sources and approaches to a specific query, which encourages users to do their own research, AI-powered search engines opt for a more direct tactic, providing concise, summarized information responding exactly to what users are looking for.
