Also, the candlesticks have started to show signs of extreme FOMO. A parabolic chart is already hyperbullish, but a parabolic chart in which the bodies of the latest candlesticks are moving faster than the support, is probably too good to be true. Common sense says there must be a correction for markets to find some balance.

Coinbase's Duong said the crypto bull market "has room to run," but is more cautious after the events of Oct. 10.
