“Blockchain and other innovative technologies can counter these emerging risks. Treasury and other policymakers should promote their use to identify and deter illicit activity.”

Launched by Grayscale Investments, one of the largest digital asset managers, this staking-enabled exchange-traded product (ETP) signals a new phase in crypto’s maturation and integration with traditional finance. It’s more than a fund; it’s a bridge providing traditional investors a regulated pathway to tap into the growth potential of crypto staking.
