Deployers can set a fee share of up to 50% on top of the base fee rate and will be defining the markets, including oracle and contract specifications. They will also be setting the oracle prices, leverage limits and settling if necessary.

A combination of favorable macroeconomic conditions and surging institutional interest in the digital asset has served Bitcoin well throughout the year, and several analysts recently told Decrypt they expect the appetite for BTC to continue to grow, despite signs of potential exhaustion in the crypto market earlier this week.
