With Google's new update, when a request to remove non-consensual deepfake websites found in a search is received, Google will also work to filter similar search results that include the name of the person being impersonated.

Part of traders' unease comes from the deteriorating relationship between the US and China, as the ongoing trade war enters a new phase involving export controls on rare earths and sanctions against a South Korean shipping company. US President Donald Trump said on Oct. 10 that the US could respond with an additional 100% tariff on Chinese goods starting Nov. 1.

"We're testing SearchGPT, a prototype of new search features designed to combine the strength of our AI models with information from the web to give you fast and timely answers with clear and relevant sources," OpenAI said in an official blog post.
