Notably, SearchGPT appears to replace Microsoft Bing with its own technology. The videos shared by OpenAI don't show the typical banner indicating that search results are powered by Bing, as with the current version of ChatGPT. And while Google has been integrating AI into its services, SearchGPT's advanced capabilities clearly pose a significant threat.

What might traders do given these conditions? If holding from lower levels, traders may consider scaling take-profit triggers up according to the price movement (from \$1,200, \$1,250, and \$1,300) while letting the rest ride with a trailing stop. Fresh capital? Traders may wait for a pullback before committing, being mindful of not
