Making mining “unviable”

This conservative approach effectively took it out of the running for major gains, but also protected it from the significant downturns experienced by some of its rivals, positioning it as a more stable, if unprofitable, participant. Meanwhile, Claude Sonnet was comfortably in third place among the six contenders.

“The conventional wisdom was that the SEC was only going to allow 2X leverage going forward, but these filings suggest that it may be willing to allow more volatile products to hit the market,” Roy wrote. “If they launch, these would be extremely

risky funds designed for the most aggressive short-term traders."

Digital River filed for insolvency for its German subsidiaries in January at the Cologne Insolvency Court, after losing access to a revolving credit facility earlier that month.

Catching a coin's name trending on X or in a Telegram chat isn't enough to justify putting capital at risk. Social buzz moves fast, and most spikes fade before price action catches up, or worse, they might be the result of coordinated shilling. That's why the next step is to turn raw noise into structured signals you can actually rank and compare.

"When bad guys innovate in financial crime, good guys need innovation to keep pace," Coinbase Chief Legal Officer Paul Grewal tweeted Monday..
