Admit it or not, software is deployed by developers and used by communities for certain purposes. And when hackers at cross purposes exploit the software to take things from those communities, some of the victims will appeal to the government for help. And sometimes those governments will respond by sending men with guns to restrain the hackers and imprison them.

The announcement drew mixed reactions from the Ethereum community, with some sending messages of support and others seeing it as a loss of one of the Ethereum ecosystem's most significant contributors during a year of significant change for the ecosystem.

The NAV normalization has created a rare entry point for smart investors. Companies now trading at or below NAV offer pure Bitcoin exposure with optionality on future alpha generation and upside from any trading profits.

“If Bitcoin can loosen its correlation with US equities [amid] the tense geopolitical backdrop, particularly if gold flows decelerate, perhaps this is the trade after the trade,” said venture investor Joe Consorti.

That includes analyst Pat, who predicted a “generational bottom” for Bitcoin, citing its performance relative to gold over the past four years.
