Spiro, the personal lawyer of DOGE-friendly billionaire entrepreneur, Elon Musk.

“These protections have already proven to be successful in addressing other types of non-consensual imagery, and we've now built the same capabilities for fake explicit images as well,” Google said. “These efforts are designed to give people added peace of mind, especially if they're concerned about similar content about them popping up in the future.”

Each fund features a unique reward structure. ETHE pays staking rewards directly to investors, while ETH and GSOL incorporate rewards into the fund's net asset value (NAV), gradually impacting share price. After deductions for custodian and sponsor fees, investors receive a net yield from validator rewards.

“The \$9 million transfer that Arkham and others have cited was simply a transfer to another wallet under his control. He did not send those funds to an exchange (yet),” he said. But he cautioned that it's possible that World Liberty has access to non-public information that explains the blacklisting.
