With Bitcoin setting a then-record price of \$67,000 in November 2021 before declining in the months thereafter, that should mean that the cycle is soon coming to an end. And some traders may be betting on that outcome.

The performance of some of these AI models could also be improved with the right prompt, particularly for ChatGPT and Google's Gemini, according to strategic adviser and former quantitative trader, Kasper Vandeloock.

Tether said its donation to OpenSats, which funds the development of free and open-source Bitcoin software, will support the nonprofit's operations and grant-making efforts.
