However, the next bear market will be defined by the business cycle, explained Woo. The last business cycle downturns that really took hold were 2008 and 2001, before crypto markets were invented, he said.

Weekly prediction market volume set a new high-water mark above \$2 billion as Polymarket retakes its lead over competitor Kalshi, according to Dune Analytics data. Both Polymarket and Kalshi have experienced massive increases in user activity and trading volume over the last several months, as prediction markets as a whole gain broader mainstream awareness and adoption. Kalshi, as the first federally regulated prediction market platform in the U.S., saw a leap in user activity in August—not coin...
