cleaner practices; they just push mining operations out of state.”

A former engineer at e-commerce company Digital River was sentenced Tuesday to three years of probation for illegally mining crypto using his former employer’s cloud servers.

Traders who wait for confirmation look for above-average volume and a strong candle close to validate the move. Without those signals, the risk of a trap rises sharply.

What the CEO did confirm, however, is that LimeWire plans for there to be a physical event of some kind and that crypto will definitely play a role in the festival’s new chapter.
