“Over time,” Hougan concluded, “I expect the market will catch its breath and renew its attention on crypto’s fundamentals. When that happens, I think the bull market will continue apace.”

Meanwhile, OpenAI has also partnered with various publishers to enhance the content and accuracy of SearchGPT. These partnerships allow OpenAI to provide current information along with clear, in-line attribution and links to original sources. Notable partners include News Corp and The Associated Press.

Notably, SearchGPT appears to replace Microsoft Bing with its own technology. The videos shared by OpenAI don't show the typical banner indicating that search results are powered by Bing, as with the current version of ChatGPT. And while Google has been integrating AI into its services, SearchGPT's advanced capabilities clearly pose a significant threat.

The head-and-shoulders pattern features three peaks, with a higher middle peak (the head) between two smaller ones (the shoulders), all connected by a "neckline." The inverse version indicates a potential bullish reversal.
