through the level and trap late shorts.

Crypto-native founders can't compete with Stripe or Coinbase regarding distribution and regulatory terms. The big guys can acquire licenses overnight and onboard millions of merchants with an API call.

Crypto markets and stocks have in the past done well in a low interest rate environment. Experts previously told Decrypt that the price of BTC would benefit if lower interest rates.

Miller attempted to reconcile this apparent contradiction, saying "investing in a business that's working with Bitcoin transactions is a very different game than direct investment in buying Bitcoin."
