Defiance and other firms already offer a number two times leveraged ETFs that are geared toward short-term investors, asking them to speculate on the one-day direction of certain stocks, many of them in the technology sector.

It also mentioned that A7A5 — a sanctioned ruble-pegged stablecoin issued in Kyrgyzstan — is a major example of this trend as it facilitates cross-border payments for both institutional and business users.

“What that means is that when you remove a result from search under our policies, in addition, what we’ll do is on any query that includes your name—or would be likely to surface that page from search—all explicit results will be filtered,” the spokesperson said. “So not all explicit results will be removed, but all explicit results will be filtered on those searches, which prevents them from appearing on searches where it would be likely to show up.”
