TRUMP is now changing hands at \$5.90, nearly 92% off its January all-time high of \$73.43.

Creditors will sell U.S. debt as they grow worried about its ability to function as a store of value, he said. That will likely put the Federal Reserve in a tough position, Dalio added, where it has to decide between rising interest rates and a debt default crisis or printing money to buy debt and “try to hold real interest rates down, which will lower the value of money.”

OpenAI's foray into live web search has been long rumored, especially given the limitations of typical large-language models, which rely on a large but static corpus of data collected up to a point in time, limiting its knowledge of current events.

The critical question for investors is whether this Bitcoin-centric rally marks the end of the much-anticipated "altcoin season or alt season," a period during which altcoins dramatically outperform.

Gamified onchain campaigns have become a popular way to kickstart this "flywheel," guiding users through an ecosystem's offerings while helping new projects attract a critical mass of participants.
