Authority is the emergent product of differing capacities for violence among individuals and groups. This gradient of violence gives rise to coercion, where the possessors of violence impose rules on subjects. And code, while dictating internal rules within its own logic, has no monopoly on violence in the world writ large.

He touted BTC as one of the hard money assets that can save the ailing economy, meaning the prices of gold and BTC will continue to rise in the face of currency inflation as individuals and businesses adopt BTC to protect purchasing power.
