sustained development.

The recent bond sell-off, however, has widened the gap between short- and long-term yields, steepening the yield curve. In other words, investors are demanding higher returns to lend money for longer periods.

He called the rejection "a missed opportunity to explore how Indian listed companies can responsibly innovate" with Bitcoin in ways that add long-term shareholder value.

However, he predicts that in a few years the blockchains built by these companies will most likely be abandoned when they "cause too big a headache from a technical point of view," and after users choose to avoid them because they aren't attractive enough from a "DeFi/self-custody/control-my-asset point of view."
