Also, the candlesticks have started to show signs of extreme FOMO. A parabolic chart is already hyperbullish, but a parabolic chart in which the bodies of the latest candlesticks are moving faster than the support, is probably too good to be true. Common sense says there must be a correction for markets to find some balance.

Tax advantage for big traders

Operationally, Grayscale uses institutional custodians and a diversified network of validator providers for passive staking. This configuration helps manage risks like slashing or downtime while supporting liquidity. Clear disclosures, reporting and adherence to regulatory frameworks enhance investor confidence.
