While we abstract it away in our discussions, this final step, the violence, is the basic quantum of all regulation. And as long as governments have armies, and developers and hackers do not, those who believe code is law will be unable to enforce their priors on the rest of us.

This suggests that a price rebound may lack the momentum derived from consistent buying pressure, potentially leading to a deeper pullback.

Stocks account for nearly 70% of all deployed tokens, followed by exchange-traded funds (ETFs) at about 24%, with smaller allocations to commodities, crypto ETFs and US Treasurys.

For traders and builders alike, the real alpha will come from understanding how value migrates between these worlds. The Stripe Tempo news signals that the base layer is now strategic real estate. And in markets, whoever controls the rails eventually controls the margins.
