In an Instagram post, Van der Velden defended Norwood as a creative experiment rather than a threat, likening the project to animation, puppetry, and CGI. “I see AI not as a replacement for people, but as a new tool, a new paintbrush,” she wrote.

Two-step rule: Wait for the retest. If the “broken” level is reclaimed and held with improving participation (volume or depth), it was likely a trap. If not, you’ve avoided chasing noise.

Decentralized applications (DApps) are changing the way we interact with the Internet. Unlike traditional applications, DApps run on blockchain networks, do not

rely on centralized servers, and feature decentralization, openness, and immutability. Currently, DApps are mainly concentrated in games, finance, social media, and other fields, providing users with brand new experiences. Although the development of DApps still faces challenges such as user experience, performance, and scalability, with the continuous advancement of technology, we believe that DApps will become an important part of the future Internet.

Crypto sentiment drops to six-month lows

The crackdown comes after retail investors lost an estimated \$17 billion on digital-asset treasury trades, according to a recent 10X Research report.

From Times Square in New York to Portland and Los Angeles, crowds chanted “Resist Fascism” and “We the People Rule,” according to a report from Politico.
