The cryptocurrency market in 2025 is increasingly being shaped by institutional adoption and the rise of stablecoins, underscoring rapid advances in blockchain technology capable of supporting broader mainstream use, according to venture capital firm Andreessen Horowitz (a16z).

Chart patterns are shapes formed by price movements that help traders anticipate future market trends. These patterns fall into two main categories: reversal patterns, which signal that a current trend may change direction, and continuation patterns, which suggest the trend will likely resume after a brief pause. They stem
