Meanwhile, a new flash market is offering sweeter odds for a major underdog in the NFL. Whether you're into sports, crypto, pop culture, or something else entirely, there are plenty of markets to choose from.

How to read: Breakouts often follow the existing trend but can occasionally reverse it. Estimate the price target by measuring the base width of the triangle and projecting it from the breakout point. A breakout upward in an uptrend is typically bullish, while a breakdown in a downtrend is bearish. To avoid false signals, use a 1%-2% filter before confirming a move.

“These protections have already proven to be successful in addressing other types of non-consensual imagery, and we've now built the same capabilities for fake explicit images as well,” Google said. “These efforts are designed to give people added peace of mind, especially if they're concerned about similar content about them popping up in the future.”
