In fact, even with such a sharp correction, the overall trend could still be considered long-term bullish, with prices still trading above the 50-day EMA.

That infrastructure is now being extended with their acquisition of 21Shares as a “natural next step” to strengthen market efficiency, Yarlagađa claimed, adding that the move is a “deliberate, long-term investment in building durable enterprise value across market cycles.”

Beyond institutional activity, Russia also leads in both large and small retail segments, with YoY growth outpacing the rest of Europe by about 10%.

Retail ETH longs dominate futures market, but carry a contrarian outlook

The approval allows Binance to take majority control of GOPAX, restart operations in Korea, honor repayment pledges to users, and position itself to compete with dominant local exchanges.

Similarly, the Coinbase app now ranks 29th in the US App Store within the finance category, a significant drop from its third-place position in January, according to data from The Block.
