Executives at crypto companies that violate the UK's advertising laws could face two years behind bars and other legal sanctions.

Apps like Flexa's SPEDN wallet, or even reloadable digital gift cards, make it easy to swap tokens for lattes.

Digital wallets are essential tools for entering the blockchain world. They are not only used to store cryptocurrencies but also to manage users' digital identities and interact with DApps. According to different storage methods, digital wallets can be divided into hardware wallets, software wallets, and paper wallets. Among them, hardware wallets have the highest security but are less convenient to use; software wallets (including desktop wallets, mobile wallets, and web wallets) are convenient to use but have relatively lower security. Choosing a suitable digital wallet requires balancing security and convenience according to individual needs and asset scale.

In its latest State of Crypto report, a16z highlighted the growing involvement of traditional financial giants such as BlackRock, Visa, Fidelity and JPMorgan Chase, alongside fintech companies like Stripe, PayPal and Robinhood, all of which are expanding their presence in the digital asset space.
