Grayscale has played a central role in the institutionalization of crypto. Founded in 2013, it has grown into one of the world's largest digital asset investment platforms, managing over \$35 billion in assets. It has now launched staking-enabled products that bring blockchain yield mechanics into Wall Street's traditional framework.

That said, Grok 4 is an insights tool, not a safety net. Recent incidents around moderation and response behavior mean you must validate outputs with independent sources. That's why you should ideally treat Grok 4 as a rapid investigator, not as the final arbiter.
