Note that the last time the ETH/USD pair was rejected from this zone was in December 2024, before a 66% price drop, as shown in the chart below.

The November election will determine whether CalPERS continues its current approach of indirect crypto exposure or potentially opens discussions about direct digital asset investment.

"We recently contracted for additional power and real estate in College Park to deliver high-value compute to the greater Atlanta metro area and are evaluating giga-campus opportunities across the portfolio and pipeline that are well positioned to satisfy significant off-taker demand."

Polymarket has already had a strong month of integrations, including Sam Altman's identity-focused World App on Tuesday and crypto wallet MetaMask, which expects its integration to take place before the end of the year.

"What that means is that when you remove a result from search under our policies, in addition, what we'll do is on any query that includes your name—or would be likely to surface that page from search—all explicit results will be filtered," the spokesperson said. "So not all explicit results will be removed, but all explicit results will be filtered on those searches, which prevents them from appearing on searches where it would be likely to show up."

In its Aug. 18 notice, the US Treasury asked for comments, which closed last Friday, on innovative methods to detect illicit activity involving digital assets, as required by the GENIUS Act.
