AT&T; lets you settle phone bills with ETH or BTC, dodging those pesky late fees. Many online and some physical retailers accept XRP via gateways like CoinGate.

Grok 4 combines a real-time feed of X conversations with web DeepSearch and a higher-reasoning “Grok Think.” That means you can surface sudden narrative spikes on X, ask the model to search broader web sources for context and request a reasoned assessment rather than a one-line summary. XAI’s product notes and recent coverage confirm that DeepSearch and expanded reasoning are core selling points.

The campaign's gamified nature has also led to community engagement across social platforms, with participants sharing their progress, NFT achievements and referral milestones. This activity is generating continued interest in the campaign as it moves into its next phases.

Gamified onchain campaigns have become a popular way to kickstart this "flywheel," guiding users through an ecosystem's offerings while helping new projects attract a critical mass of participants.
